Michigan Grown Gladiolus Bulbs

Preferred by Those Who Know!

for

FORCING — OUTSIDE PLANTING — COUNTER SALES OR MAIL ORDER TRADE

BUY DIRECT FROM THE GROWER. You will be assured of quality bulbs, grown specially for the wholesale trade from young, vigorous stock; high-crowned, true-to-name, up-to-grade, clean, healthy and thrips-free.

We have marked on this list such varieties as are recommended for forcing. It is our suggestion that you use only first size bulbs for this purpose. For best results plant after January 15.

For planting in cold frames either first or second size bulbs should be used. Many successful florists use third sized bulbs for main crop outside, with second size bulbs for extra early or extra late.

To those not familiar with the varieties of this list we recommend our Collections A, B, C, or D, which we feature as an introductory offer to new customers.

If you desire bulbs for counter trade, we can furnish colored illustrations of nearly all varieties printed on cardboard, size 9½ x 6 inches. These are furnished only with an order for bulbs at a special price of 10c each.

Delivery can be made any time from December 1st to May 15th. Prices are subject to change. If in need of large quantities, send us your list for a special quotation, thereby giving you the advantage of any surplus which we may have.
